The above names represent the list of candidates for delegates to the Democratic National Convention, the remainder of the persons mentioned heretofore as being in the race having either dropped out or having at least retired to a back seat. It is considered certain that McGonagle and Watson will represent Oahu; that Hudson will represent Kauai, and that Dr. Raymond will go for Maui. The local Democratic leaders are under the impression that Palmer Woods is not aspiring to go, in which case Metzger and Shipman

PRINCESS ENDS FALSE RUMORS

PRINCESS KAWANANAKOA

Gossip has been busy with the affairs of the Prince and Princess Kawananakoa for the last three months, and with the departure of the Parkers for the Coast a new crop sprung up.

A Bulletin representative called on the Princess yesterday afternoon and she set an hour this morning at which she would grant an interview for publication. The Princess said:

"I wish to state that I deny most emphatically the truth of the story regarding my intention of suing for divorce from Prince David. The Prince went away with Colonel Parker and Colonel Baker to Canada, where they intend to do some hunting and fishing.

"I have nothing to say against Prince David. He has been a very faithful husband to me, and it is hard to say whether I could have married a better husband than he. He went away to seek health and when he returns we shall live as happily as we have been doing in the past.

"It is a pleasure for me to announce that our home-life has been very happy. As to my marrying a New York financier after the divorce, that is something too ridiculous to even talk about. There is absolutely nothing in this story.

"As to my sister Muriel's engagement to Bert Peterson, — why, there is absolutely no truth in it. Who started this rumor I don't know, but it is certainly a falsehood. My sister is only a school girl. I know, as well as Mr. and Mrs. Parker that the rumor is groundless."

MOSES KOKI CASE ON TRIAL TODAY

Attorneys Mix When
Bulletin Story Is
Discussed

The trial of Moses Koki, accused of robbing the United States mails, has at last been begun in the United States District Court, and, from the way things have been going so far, the selection of the jurors, the case will prove to be one of the most interesting that has come up for some time. The most of the morning was taken up in selecting the jury, as there were a number of peremptory challenges by the counsel on both sides.

The jury that was finally selected is as follows: S. B. Rose, H. R. Macfarlane, Horace Johnson, Geo. G. Fuller, Henry A. Giles, S. P. Wood, E. J. Wright, Chas. Bartow, B. E. Paxton, Arthur Coyne, Jos. Aka and George Wright.

William Hall was challenged by District Attorney Breckons on account of the fact that a brother of the defendant, Moses Koki, is employed by the

WILL KOHALA PEOPLE SUFFER?

Tax Assessor Is Witness
Here; Taxes Due
Tomorrow

When District Tax Assessor Vreedenberg of South Kohala was subpoenaed as a witness in the Koki case, now being tried in Judge Dole's court, the people of his part of the country did not think what trouble might arise from his absence at this time. But now an emergency has arisen, because taxes are due on the 15th and there is no one there to give the proper receipts for them when they are paid.

One deputy alone remains at Kohala, but, from the trend of Mr. Vreedenberg's remarks this morning, it might be inferred that no great amount will be paid him. Treasurer Campbell strenuously and emphatically asserts that the deputy can give temporary receipts for taxes, but says that trouble might be started if the matter is bruited in the news. The question is whether the people of Kohala will pay their taxes and accept temporary receipts, or

BERKELEY CELEBRATING

SAN FRANCISCO, Cal., May 14. This is Berkeley Day in the Fleet entertainment schedule. Tremendous crowds attended the events in the university town.

The trustees of the Honolulu Baseball League held a meeting this morning, at which the decided to finance the project of bringing to this city the Santa Clara and Keio University teams, the one from the Coast and the other from Japan. They set terms, however, on which they would do this, the stipulation being that in future there would be a sinking fund for emergencies of this very sort, the fund to be composed of a percentage of the total amount of profits this year, and the determination to come through with the finances was made subject to revocation in case the league does not determine to abide by the terms. Probably 50 per cent. of net gains will go for the proposed fund.

SUNDRY CIVIL BILL—
WASHINGTON, D. C., May 14.—The Senate has passed the Sundry Civil Appropriation bill.

Some of the smaller parts of the gun carriages for the fortifications at Diamond Head were being taken out from the Hilonian to the site of the forts this morning, on drays. They were such pieces as could be handled on the Matson wharf, without the use of a large crane.
